

Intel Corporation: Corrales Community Grants

Open Now, Deadline to Apply: April 17, 2020

The Intel Corporation and Corrales MainStreet are happy to announce that the 2020 Corrales Community Grant program is now accepting applications. This is a wonderful opportunity for some of our local organizations to acquire needed funds for some of their projects thanks to Intel's generosity. The following details will help you determine if your organization is eligible. Intel will also be available virtually on March 16th at 2PM to answer questions for applicants, or you can email questions to visitcorrales@gmail.com if you can't make it to the meeting.

Here are the details:

In partnership with Corrales MainStreet, Intel New Mexico will fund the best grant applications for Education, Empowering Girls and Women, the Environment, and Quality of Life. Applying agencies must provide direct services in the Village of Corrales, New Mexico, and ideal applicants will provide a wide benefit the Corrales community. Entries will be judged by Intel and Corrales community partners on the following criteria:

- 1) The impact of the project/program on citizens in Corrales;
- 2) The sustainability of the project/program;
- 3) Goals and objectives are clearly stated and measurable;
- 4) Overall creativity;
- 5) Budget is reasonable and appropriate, and specific equipment costs are identified with vendor quotes (must include an explanation for how and why the equipment is critical to achieving a successful outcome); and

Amount: A total of \$8,000 is available to award grants.

Eligibility: Organizations that provide direct services to Corrales residents.

Application: visitcorrales.com

Submit to: visitcorrales@gmail.com

[About Intel in New Mexico:](#)

Intel's Rio Rancho campus, which is celebrating its 40th anniversary this year, is an important part of Intel's global manufacturing and technology development network with more than 1,200 employees develop and manufacture microprocessor technology that powers data centers and hundreds of millions of smart and connected devices worldwide. Over the last five years, Intel, the Intel Foundation, and Intel employees gave more than \$10.5 million in grants, donations, and in-kind gifts to local New Mexico schools, universities, and non-profits. In addition, in 2018 more than 800 of their employees and retirees generously donated their time, volunteering over 23,100 hours in the community.
